What's Happening This Month

What a year! Is it really May already? Summer is right around the corner. I am so proud of all the kiddos!! They have learned to write all the letters in the alphabet and are finishing up their workbooks. The next few weeks we will be reviewing all the letters and numbers. We also have some super fun days ahead!! We will be having spirit week, an end of year class ice cream party, our end of year performances and so much more!! Over the summer please continue to work with your children on tying their shoes, zipping/buttoning coats, opening items in their lunch, cutting, gluing, handwriting, counting and most importantly reading to them. I hope everyone has a fantastic summer with laughter, excitement and memories!! I will miss all your sweet kiddos so much!! Please send me pictures and keep in touch.

A Peek At What We Are Learning

Letters: **Review** Bible: **Saul/Paul, Fruit of the Spirit,**
Shape: **Crescent** **Heaven**
Colors: **Gold/Silver** Culture: **Review**

We will be doing a lot of review work with our letters and numbers. We have covered many countries in our culture studies and will be reviewing those as well. They have LOVED learning all about different countries and I am amazed by how much they remember. We will continue to work on several songs for our end of year performance too! We currently have caterpillars in our class that will soon be changing into butterflies! They can't wait to see that happen then release them! We will also be talking about farm and ocean life. Please remember that we try and go outside most days, so please make sure they are dressed comfortably and are wearing tennis shoes. We also have Spirit week coming up.
