April was FUN!! We explored Australia, learned about recycling and Earth Day, and learned about the life cycle of plants and planted our seeds. And most excitedly, we have been watching our caterpillars transform into their chrysalises and are eagerly awaiting our butterfly's arrival. Thank you for sending in your child's Earth Day project...we loved sharing them with our friends.

As fun as April was, we have a fun May in store for us as well. We will discuss farm living/animals, space, oceans, summer/ safety, and we have some fun activities planned to go with our themes.

We can't believe it is already May! Thank you for allowing us the honor of teaching your precious little ones. They have been a joy in our hearts and a blessing in our lives. We will truly miss them.
